Signature of Proposer

Date:

Signature of Seconder

Date:

Where only one nomination for the position of Chairperson, Secretary, Membership Officer, and Treasurer is received that person will be elected. If there is more than one nomination for each position a ballot will be held for that position with the person obtaining the most votes from the members present being elected to the position.

In the case of the four other office bearers, where four or fewer nominations are received, those persons will be elected. If more than four nominations are received, a ballot will be held with the four candidates receiving the highest number of votes from the members present being elected to the Executive Committee.
